## Technical Data

Diesel engine water cooled 4 cylinders Tier IV  
Hydrostatic transmission with automotive pump  
Auto negative parking brake  
Hydraulic steering 90°  
ROLL-BAR for complete protection of the operator  
Pins of steel 39NiCrMo3 (1.000 N/mm2)  
Tyres superelastic 23x10-12 HD  
Electronic antioverload  
Additional light of depth

## Caratteristiche Tecniche

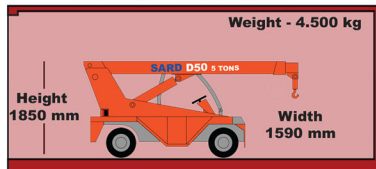

Motore Diesel, raffreddato ad acqua Tier IV  
Trasmissione idrostatica a variazione continua con pompa automotive  
Freno di stazionamento automatico negativo  
Sterzo idraulico posteriore a 90°  
Roll-Bar a protezione dell'operatore  
Perni in 39NiCrMo3 (1.000 N/mm2)  
Gomme supereastiche 23x10-12 HD  
Antiribaltamento elettronico  
Fanali di profondità

## Optional:

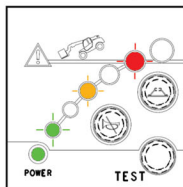

Prolunga meccanica / Mechanical Extension  
Forca per pallet / Fork for pallet  
Altri a richiesta / Others at request

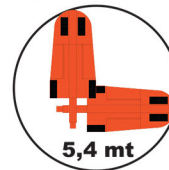

FOR SHIPMENT - CONTAINER BOX 20'

Antioverload system

Steering radius less than 2,6 mt

Height  
1850 mm

Length - 3890 mm
